I gotta see gene!

Seegene

.....excellence and innovation in molecular biology

2004 Technical Seminar - New Platform of PCR Technology

- ◆ Novel Platform Technology for exclusively amplifying all known & novel members of gene families (Homeobox Genes)
- ◆ 5 hr Gene Discovery on agarose gels: Differentially Expressed Genes (DEGs)
- ◆ Transcription Factor screening
- ◆ Gene Family isolation
- ◆ Complete elimination of False PCR product
- ◆ The ways to overcome the limitations in Primer Design

Speaker:
Professor Jong-Yoon Chun (CEO of Seegene Inc)

Date: Tuesday 19th October
Time: 10:30 start
Venue: Lecture Theatre - UCL Institute of Ophthalmology,
Institute Of Ophthalmology,
11-43 Bath Street,
London
EC1V 9EL

A Prize Draw for USB Storage Devices (128Mb) will be available to those who register in advance.

To register, please visit www.biogene.com/bioclub.cfm or call +44 (0)845 1300 950
Register now - limited places available.

 BioGene Limited - 6 The Business Centre, Harvard Way,
Kimbolton, Cambridgeshire, PE28 0NJ, United Kingdom.
